

REPLICA SUBERS

A LIGHTSABER YOU WILL HAVE

THE JEDI ARCHIVES CONFIRM

Congratulations, young Padawan THEO, your journey to becoming a Jedi Master has already begun. The construction of your Anakin Skywalker V3 RGB lightsaber is now underway, crafted with great care in the traditions of the ancient Jedi Order. Your kyber crystal has been chosen, not by us, but by the Force itself. It called to you. It always has.

Soon you will hold in your hands a weapon worthy of the greatest Jedi Knights — a saber of power, elegance, and light. Until it arrives, know that the Force is already with you.

This certificate is your proof that something special is being made for you. The galaxy has been notified. Your lightsaber is on its way.

May the Force be with you — always
